

MATTHEW ACOSTA

SUMMARY

Expert Web Developer specializing in front-end development. Experienced with all stages of development cycle for dynamic web projects. Well-versed in PHP, Vue.js, TailwindCSS and Laravel. Strong background in team settings for problem solving, brainstorming, or starting new projects/ideas. Proficient in creating accessible, user-friendly web interfaces. Committed to collaborative work, continuous improvement and Feedback . Eager to learn new technologies and continuously enhance user experiences. Seeking to contribute technical skills to support SubjectToClimate's mission

EXPERIENCE

Freelance Web Developer, 07/2022 - Current Self-employed - Naples, FL

- Redesign Project of Locale Plates, switching from Blade to Vue.js to create user-centric, high-quality web pages
- Created Laravel API resource to work seamlessly with new frontend design and search functionality
- Demonstrated strong proficiency in Vue.js by developing dynamic, front-end components to enhance user experience and decrease load times by 75% and the frequency of large load times by 10 times.
- Personally maintain all projects with Git and Github and handle all deployment and server side logic through AWS and Forge
- Leveraged Laravel to build scalable progressive web applications, emphasizing the importance of seamless user-friendly interactions
- Familiar with Algolia to optimize search functionality, and ensuring users can easily find relevant resources
- Collaborated closely with UI/UX designers to translate design concepts into functional and visually appealing web elements, through paper designs or concepts
- Proficient in test cases for both feature testing and unit testing APIs, ensuring high code quality and robustness of web applications
- Optimized query performance in web applications, by adjusting query cache sizes, and editing queries for a more efficient approach using tools like Clockwork
- Passionately eager to contribute to the mission of SubjectToClimate, aligning with my background in non-profit organizations and volunteer work
